

Virtual Dementia Tour (VDT)

AN IN-PERSON EXPERIENCE

Presented by Nina Davis, Outreach Coordinator at Insight Memory Care Center

The Virtual Dementia Tour (VDT) gives caregivers and professionals a powerful, hands-on simulation of what it's like to live with dementia.

Outfitted with patented sensory-altering gear, participants will attempt everyday tasks while guided by a trained facilitator.

This eye-opening experience helps build empathy and improve person-centered care.

Step Into the World of Dementia

Limited Spots Available
Only two participants per half-hour
Reserve your time slot early to participate!

Wednesday
September, 17th

12:00pm - 4:00pm
